

**This is the best way to experience the Spring Classics short of living in Belgium. The King of the Classics, Fabian Cancellara, will ride alongside you to show you the lines that made him a legend.**

A three-time champion at both Roubaix and Flanders, there's no one better to give you an inside look at the Spring Classics than Spartacus himself. The Spring Classics inspire reverence among cycling's hardcore elite. They combine drama, savagery, pageantry and suffering. Join us in Belgium and Northern France to ride the famed cobbles, sip coveted Trappist beer, and enjoy a VIP race experience. Tackle Flanders' fearful sections of pavé like Oude Kwaremont and Paterberg in the Ronde van Vlaanderen Cyclo, then watch the pros battle on the same steep climbs and teeth-chattering roads. If you're up for the test, more cobbles and treachery await at the Paris-Roubaix Challenge. This incredible 11-day experience culminates at Paris-Roubaix, with VIP seats inside the velodrome to watch as another "Hell of the North" competitor crosses the line victorious. Choose to join us for just the Tour of Flanders or Paris-Roubaix, or for the entire 11-day ultimate experience. Whatever you choose, we promise a VIP race experience.

## FAQS

### Trip Changes

Our itineraries are an approximation of our trips. Trek Travel strives to offer each and every guest a vacation of a lifetime on every trip. At times routes, hotels, activities, etc. listed here may change at the discretion of the trip designer or guides to improve the trip experience.

### What are the daily rides like?

- Rider Type | 3
- Average Daily Mileage | 43
- Terrain | Undulating
- Average Daily Elevation | 1,200 ft.

On all of our vacations, Trek Travel strives to find quiet, paved secondary roads or bike paths to experience a region; busy roads are avoided as much as possible. Spring Classics is best suited for our Type 3 Riders, but we can also easily accommodate Type 2 Riders, who seek less mileage or fewer uphill, with a boost in the van. Those who wish to ride every mile but are concerned about their physical ability may want to try our electric bike option—you still get a workout but can climb alongside even the strongest rider. Type 4

Riders will enjoy the extra mileage the avid route options offer. The terrain is varied with rolling plains through Flemish countryside to the challenging famed cobbled climbs of the Ronde van Vlaanderen and long stretches of cobbled roads of Paris-Roubaix. We always look for the quiet, paved secondary roads or bike paths to experience a region. Busy roads are avoided as much as possible.

**What are the options for a non-rider travel companion?**

**What is the weather going to be like?**

Spring in Belgium can bring all kind of weather- cold, rain, wind, for or sun, therefore warm layers and a waterproof shell are highly recommended. Daytime temperatures are usually between 30F-60F.

**Do you have upgrade options available?**

Due to the nature of the roads on this trip, we only offer the new Trek Domane SL 7 road bike. Contact our trip consultants for more details.
